## **Why it is important to support the OF4WD (Ontario Federation of Four Wheel Drive Recreationists)**

The OF4WD is not an off road 4x4 club, but instead, an umbrella group who are focused on protecting and furthering the interests of 4x4 vehicle enthusiasts.

What we will do for you...

- Do all we can to protect your right to access Crown Lands under the Free Use policy of the Public Lands Act (Ontario) and maintain the inventory of the 4x4 trail network :
  - Achieved through direct representation to the Ontario Ministry of Natural Resources and Ministry of Health Promotion.
  - Sit on advisory committees associated with land use issues.
  - Have a registered stakeholder interest in Public Lands with the MNR so as to receive all Public Notices.
  - Ensure we receive information and provide comment during important Public Consultation sessions.
- Build cooperative relationships with other trails and land access groups for mutual benefit.
- Promote 4x4 recreations as a safe and rewarding recreational experience.
  - 4x4 has the best safety record of motorized trail users, period!
  - 4x4 is a social trail experience that can be shared with your passengers of all ages.
  - Is greatly enjoyed by many and becomes a big part of their lives.
- Education
  - Environmental concerns are very important. Members are regularly reminded of their need to consider trail conditions and driving practices to minimize their impact on the environment.
  - The trails are invariably shared use and trail Etiquette is an important consideration in order to ensure we all have the opportunity to enjoy our trail experiences.
  - Education on planning, equipping a vehicle and driving techniques are important to ensure a safe and enjoyable experience.

Let's make a difference together. Join the OF4WD and make your voice heard.
